stanley j grenz and jay t smith define more than 300 terms related to christian ethics including ideas issues positions thinkers schools and specialties

the far reaching changes in man s social and personal life taking place in our lifetime underline the need for a sound ethical evaluation of our rights and duties and of human behaviour both on the individual level and in the political society on many issues judgments of value vary widely and a consultation of the thought of thomas aquinas on the basic questions will be helpful the more since he is not only one of the greatest philosophers but also succeeded in integrating in his moral philosophy the wisdom of the ancients in particular of aristotle and the stoa this book presents aquinas s thought on such central questions as man s happiness how to determine the morality of our actions the natural law and the main virtues as well as on the common good war human labour love and friendship throughout the book the

intellectual character of this moral philosophy is pointed out and problems are set in a historical perspective

reviews the history of christian thought about ethics and discusses its views concerning politics economics and culture

in this volume william c mattison iii demonstrates that virtue ethics provides a helpful key for unlocking the moral wisdom of the sermon on the mount showing how familiar texts such as the beatitudes and petitions of the lord s prayer are more richly understood and can even be aligned with the theological and cardinal virtues he also locates in the sermon classic topics in morality such as the nature of happiness intentionality the intelligibility of human action and the development of virtue yet far from merely placing the teaching of aristotle in the mouth of jesus he demonstrates how the sermon presents an account of happiness and virtue transformed in the light of christian faith the happiness portrayed is that of the kingdom of heaven and the habits needed to participate in it in the next life but even initially in this one are possible only by god s grace through jesus christ and lived in the community that is the church

a revised expanded and updated edition with contributions by 325 renowned authorities in the field of ethics all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features

moved by god to act offers a fresh description of christian moral action as a moment of connection between divine and human agency through an ecumenical consideration of a variety of resources this book gives an accessible description of the work of god s grace not only in individual christian agency but also within the dynamics of christian community moved by god to act brings the contemporary theological ethics of community into dialogue with the pneumatology of thomas aquinas the ethic emerging from this dialogue lifts up the centrality of god s grace in christian community while at the same time offering a detailed articulation of the human being as naturally and beautifully drawn into cooperation with god s grace in the ethical life the book concludes by showing how aquinas stands in substantial harmony with the contemporary authors discussed offering a proper description of god s agency in individual christian human agency and the dynamics of the body of the christian community to which the contemporary discourse so rightly points moved by god to act is an attempt to speak to the work of god in the life and day to day action of christians and christian communities as moved to act by the holy spirit

this book offers a practical guide to the most pressing ethical issues faced by those working in food manufacturing and associated industries early chapters look at the fundamentals of ethical thinking and how lessons of medical ethics might be applied to the food industry the book then addresses some issues specifically relevant to the food industry including treatment of animals the use of genetically modified organisms food product advertising health claims and sustainability several further chapters present case studies which show how ethical thinking can be applied in real life examples this volume should be on the desk of every food industry

professional responsible for important decisions about science marketing resources sustainability the environment and people

combining theory and issues with text and readings this ethics text begins with coverage of ethical theory utilitarianism kant s moral theory natural law and virtue ethics it then goes on to discuss contemporary ethical issues ranging from personal ones such as sexual morality and euthanasia to matters of public policy such as legal punishment and international concerns such as war and peace and economic justice

this is one of the finest collections of primary source material available to beginning ethics students the chronologically sequenced chapter units give an overall historical perspective while informative chapter introductions include biographical historical and other information designed to prepare readers for the primary selections that follow brief comments by the editors are inserted into the edited primary material to assist student understanding

first published fifteen years ago *ethica thomistica* is widely recognized as one of the finest introductions to st thomas s moral philosophy though the book has been out of print for several years scholars and students still refer to it as the standard resource on thomistic ethics in this much anticipated revised edition ralph mcinerney revisits the basics of thomas s teachings and offers a brief intelligible and persuasive summary chapters morality and human life the good for man ultimate end and moral principles the structure of the human act good and evil action character and decision prudence and conscience religion and morality about the author ralph mcinerney is michael p grace professor of medieval studies and director of the jacques maritain center at the university of notre dame where he has taught since 1955 he is founder and publisher of catholic dossier magazine cofounder of crisis magazine and author of several books published by cua press including aquinas on human action 1992 the question of christian ethics 1993 and aquinas and analogy 1996 praise for the book remarkable for its moderation and common sense mcinerney rapidly sketches selected themes from thomistic moral thinking what distinguishes the moral activities of man what is distinctive of moral goodness in aristotle and in aquinas an analysis of practical reason in relation to natural law the bases for judging good and evil moral actions the roles of intellect and will in voluntary activity the work of virtues as components of moral character the functions of prudence and conscience and finally the relation of ethics to religious belief for the person who desires a quick and understandable introduction to this subject this little book can be recommended as readable and reliable vernon j bourke *speculum* an important contribution both to moral philosophy and to its teaching mcinerney has put us all in his debt by writing it alasdair macintyre *teaching philosophy* a clear thorough and readable introduction to the thought of one of the intellectual giants of the catholic moral tradition national catholic register
